Sturdy bumper		■
Protection class		II
Stop swivel castor		■

■ Included in the scope of supply.

NT 27/1, 1.428-500.0, 2024-02-20

Cartridge filter with float

- Suction power remains at a consistently high level.
- The float system interrupts the suction flow after reaching the maximum capacity.

Robust metal latches

- These extremely robust latches lock more reliably.

Robust bumper

- All-round impact protection safeguards not only the machine itself but also walls, machines and items of furniture from damage.
